MW LRS-100-24
DC power supply

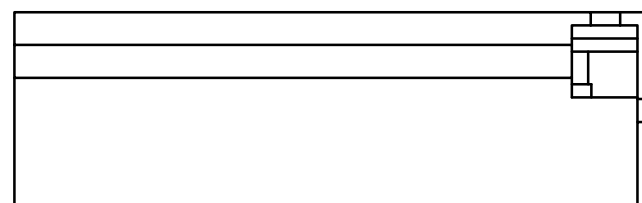

MW (LRS-100-24) DC current, Fuyu module dedicated switching power supply, with beautiful appearance, small size, light weight, and LED indicator light. Adopting a low-power circuit design, it ensures the stability and high efficiency of the power supply, and has functions such as high temperature protection, overvoltage protection, short circuit protection, overload protection, etc.

name	model	input	output
100W DC power supply	MW(LRS-100-24)	1.9A/115VAC 1.2A/230VAC	24V 4.5A

LRS-100-24 Technical
Parameters:
1. input AC100~240V;
2. output DC24V= 4.5A;

LRS-100-24

100W Switching Power Supply

ZGP-18.7.27
